mcm square black & snow white honed - monte black & snow white honed

black & white

There's no more classic or graphic color story for interiors than the high contrast and high drama of black and white marble. Tureks presents Back & White. A gathering of floor and wall tiles and mosaics in honed black marble, honed snow white marble and great black and snow white mosaic patterns and combinations. From classics like the Rubicon and Parker Mosaics that harken the parquet floors of antiquity to Ruffle Tile and Ponte Mosaic that evoke a roaring twenties sensibility to the mid-century homage that is our Eames Mosaic and forward-looking geometrics like the MCM split hexagons and squares, these amazing black and white marble looks will bring elegance to any interior.
